Message
from the Executive

**Prof. Dr. Sriram
Bhagut Mathe**

Dear Students, Alumni, Parents, Guardians, Faculty, Staff, Friends and Well-wishers of Xavier Academy (XA) and Kathmandu Don Bosco College (KDBC),

A very **BLESSED AND HAPPY NEW YEAR 2081 BS** to everybody. Let us pray that this year will be better than last year in all aspects, health-wise, family-wise and work-wise. **Let us wish and pray for a more peaceful and prosperous Nepal and the world, sans terrorism and wars.**

We hope and pray that our Class XII students will perform very well in the very critical and important final Board Exams from April 26 to May 5, 2024. We also wish the very best to our Class XII students, who are completing their pre-final exams and will be appearing for the final exams within the next couple of months. Our best wishes also to all the students of BBA and MBA, who are appearing for various semester/final exams. I am extremely confident that all our students from XA and KDBC will perform extremely well in the exams so that they all can take the next step to achieve their goals/dreams.

At this time of the year, most of our students, especially XA students, are very much in study-mode, preparing for their final exams. The farewell program for Class XII students by Class XI students, the felicitation to the toppers of Class XII students and their parents as well as felicitation to the toppers of Class XI students, felicitation to the outgoing Class XII Student Council members, and the celebration of the last day of class for Class XII students were distracting but necessary to wind up the academic year. Now these welcome distractions are over, the students must be studying hard, as they have been advised to do during the last motivational class for both Class XII and Class XI by the Chairman, Principal, Vice-Principal and Coordinators. They have been told through many examples of successful people that there are no short cuts to success. Confidence/self-belief, positive attitude and, most importantly, hard work will enable them to be

successful in their exams and in their future endeavors. To drive home my point, the following quotations on study, time management and hard work are worth remembering by all the students so that they can practice and do well in their upcoming exams and in their future careers:

Study like there's no tomorrow because if you keep putting off your studies for tomorrow, you'll probably be too late.

Don't study to earn, study to learn. What you learn today is what you will become tomorrow.

Time can be your best friend and your worst enemy depending on whether you use it or waste it.

XA is looking beyond the upcoming exams into the next academic year and has some very interesting plans.

- Finally, after 26 years of successful operations, XA is planning to open a school from the next academic year, so as to comply with the government regulation, which prohibits operation of stand-alone +2 institution.
- XA is planning to enroll 280 students (8 groups: 3 groups science morning, 3 groups management morning and 2 groups science day) in Class XI, in the coming academic session 2024/2025.
- To achieve this enrollment target, XA is planning to organize a number of Open Houses, the first one on Saturday, April 27, 2024.
- For those of us who are a bit advanced in age and for our elderly guests, who have to go to the Conference Hall on the top floor, we are planning to install a lift. This has been in the works for a

number of years. Finally, we have decided to install this lift in the next few months, so that the lift is installed by 1st July 2024, when our new academic session for Class XII will start.

- XA will be celebrating the 27th Anniversary on 1st August 2024.
- The international edition of XAMUN 2024, one of our two flagship events, will be held in the second half of August 2024. As in the past, this will be an international event with foreign delegates and foreign dais members.
- XA will also organize the international edition of the annual debating championship either in the last week of August or between Dashain and Tihar.
- XA is planning to construct a modern building in front of the existing building. The foundation laying ceremony of this new building will be conducted as part of our 30th Anniversary celebration in 2027.

Students, please remember always that

Life is your journey, goals are your destination and hard work is your set of wheels.

As a student the most important thing to remember is that Laziness is your worst enemy and Hard Work is your best friend.

Also, bear in mind that *"Life is less complicated than it seems. Good habits and hard work are all it takes to succeed and win."*

In conclusion, I would like to wish all of you and all your loved ones once again a **VERY HEALTHY, HAPPY AND PROSPEROUS NEW YEAR 2081 BS** and wish the students of both XA and KDBC the very best in their final exams.

**All THE
Best**

**for the coming
Final Examinations**

XAVIER ACADEMY

From the Principal's Desk

Dear Students, Alumni, Parents, Guardians, Faculty, Staff, Friends and Well-wishers of Xavier Academy (XA) and Kathmandu Don Bosco College (KDBC)

It's a blessing to be welcomed back into the New Year 2081 BS. Before we look ahead into the New Year

2081, I would like to take this moment to highlight some of the wonderful things that took place in 2080. We implemented some major facility upgrades to continue to enjoy our beautiful College. One of the most apparent upgrades is bringing technology to the classroom – the smart board has brought about a new revolution to our teaching-learning ambiance. This has kept our students and teachers happy and comfortable so that more learning can take place.

XA has added another feather to its hat by introduced the Project Based Scholarship project. The project is our little way of showing concern to the society at large and the environment in particular. Two of our students have taken the onus of carrying out the project of providing clean water to one of the villages in Rasuwa. They are also attempting to clean the source of the natural water source. This project will take our children back to where they belong.

Dr. Jamuna Karki, Program Head of KDBC visited IMC Krems through the Erasmus Mundus Project. This marks the beginning of a new relationship with IMC. We look forward to welcoming Austrian faculty and students at KDBC in the year 2081. This Institution has helped our young leaders build their skills in leadership and public speaking through Students Council, Debates, XAMUN, sports, Arts, and other activities. We have also held a number of career path and

college field trips. Our students' stellar performances in sports, music, arts, musicals, etc within the college and outside, showcased their energy and positive spirit. These were only a handful of the wonderful things that took place last semester. I wanted to thank everyone who contributed to the successes of the previous year, especially to our Chairperson, Prof. Dr. Sriram Bhagut Mathe. I am grateful for his leadership and commitment to our mission of imparting quality education.

As we move into the 2081, there is much to look forward to. In just a few days, we will witness our Grade XII students take their Board Examinations, BBA 4th, 6th, and 8th are already into their examination, MBA 2nd semester is all set; so is Grade XI sitting for their Final examinations. They have worked incredibly hard for their exams, and we are all excited to see them come out with flying colours. I can't wait to see where the road leads them.

In order to accomplish our vision and mission, KDBC & XA are prepared to take as much effort as possible for the betterment of academic scenario in Nepal. I believe that education is an effective medium of social transformation. We get encouragement, looking at bright and successful careers of our hundred of students, which subsequently benefit the society. I feel proud that we are part of such excellent institutes.

I would like to wish all of you a wonderful New Year 2081

BBA ORIENTATION 2023 BATCH

14 Oct 2023

The BBA Orientation program for the 2023 intake happened at the Himalaya Drishya, Dhulikhel. The Principal welcomed everyone warmly to start the program. During the event, there were lots of activities planned to help students bond and get involved. They had relaxation time, swimming, and a nice stay together. They also had a session to learn about ilab and did team-building activities led by experts from iLab. Everyone really liked these activities and it made their orientation experience even better.

KDBC & XA E-GAMES 3.0

3 Feb 2024

Kathmandu Don Bosco College (KDBC) and Xavier Academy (XA) teamed up to host an exciting e-games tournament. It brought together more than 150 players from over 20 school & colleges. They played popular games like FIFA, PUBG, Free Fire, and Mobile Legends in a really competitive way. The students showed off their gaming skills and how much they wanted to win.

The best part was when they gave out prizes at the end. The winners, first runners-up, and second runners-up all got awards. This wasn't just about winning games; it showed how important gaming has become in our world today.

E/MBA SPSS & THESIS WRITING

5-10 Feb 2024

Kathmandu Don Bosco college organized a 12 hours training session for the students of 3rd and 4th semesters pursuing MBA/EMBA. This training, facilitated by the esteemed Dr. Surendra Mahato from Tribhuvan University, aimed to enhance students' proficiency in SPSS and thesis writing skills.

Dr. Mahato, spared no effort in imparting comprehensive knowledge and understanding of the SPSS package. Through engaging sessions, he elucidated the details of data entry, manipulation, and analysis, ensuring clarity and mastery among the participants.

Dr. Mahato explained SPSS and how to work with data in simple ways. He used fun activities and discussions to keep everyone engaged and learning. By the end, students had learned a lot about analyzing data, which will be super helpful for their MBA projects. We believe that the knowledge and skills acquired during this training have empowered our students to excel in their academic pursuits and beyond.

GLOBAL PARTNERSHIPS: KDBC'S COLLABORATION WITH IMC KREMS, AUSTRIA

12-20 Feb 2024

We have achieved a significant milestone in our journey of international collaboration. Recently, Dr. Jamuna Karki, Program Head, KDBC had the honor of participating in a week-long training and exchange program at IMC Krems, Austria. This inaugural visit marks the beginning of a promising relationship, laying the foundation for cultural and academic exchanges between the students and faculty of both institutions. The immersive experience not only enriched the knowledge and skills of our participants but also fostered cross-cultural understanding and cooperation.

Looking ahead, we eagerly anticipate reciprocating the hospitality by welcoming students and faculty from IMC Krems to KDBC. Through such exchanges, we aim to create vibrant learning environments that transcend geographical boundaries, nurturing global citizens equipped to thrive in an interconnected world.

KATHMANDU DON BOSCO COLLEGE

KDBC UNPLUGGED

17 Feb 2024

KDBC Unplugged 2024, a lively day-long event, was arranged by the dedicated BBA 2021 semester students, who invested considerable effort to craft a well-coordinated and engaging program within a tight timeframe. The event served as a platform to showcase the diverse singing talents of students across all semesters, complemented by captivating dance performances that added to the entertainment quotient.

This event also drew participation from students of Xavier Academy, who thoroughly enjoyed the event.

In addition fun activities including games, a thrilling treasure hunt, and stimulating quiz programs was conducted.

In short KDBC Unplugged 2024 stood out as a delightful celebration cherished by all who participated, showcasing the vibrant spirit and camaraderie of the KDBC community.

SPORTS MEET 2024

8-9 March 2024

KDBC hosted Annual Sports Meet 2024, meticulously organized by the BBA 2022 students. The event served as a spirited showcase of athleticism and friendship, including a diverse range of games including badminton, basketball, table tennis, chess, and futsal.

Throughout the event, the energy, dedication, and enthusiasm of the students were evident, illuminating the atmosphere with dedication and excitement. The Sports Meet provided a platform not only for friendly competition but also for fostering team spirit and promoting group cohesion. What truly made this event special was the enthusiastic participation of students from bachelor to master levels, coming together to celebrate the joy of sportsmanship and companionship.

As the Sports Meet drew to a close, all participants and organizers were duly recognized for their exemplary efforts and achievements. Medals were awarded to the deserving winners and organizers, serving as tokens of appreciation for their hard work and dedication.

INDUSTRIAL VISIT (VARUN BEVERAGE)

22 March 2024

KDBC organised an insightful field visit on March 22, 2024, to Varun Beverages in Kathmandu, providing BBA 3rd-semester students with a firsthand glimpse into industrial operations. Varun Beverages is renowned for manufacturing, distributing, and vending a diverse array of carbonated soft drinks (CSDs) and non-carbonated beverages (NCBs), including packaged drinking water under PepsiCo trademarks. This visit facilitated invaluable interactions with industry professionals and afforded students a close-up view of the manufacturing plant and its operations. It served as a conduit for gaining practical insights into industry dynamics, bridging the gap between theoretical knowledge and real-world application. The immersive exposure aimed to enrich students' educational journey, equipping them with a more holistic understanding of corporate dynamics and preparing them for future endeavors in the corporate realm. Additionally, students were warmly welcomed with refreshing beverages, enhancing the overall experience of the visit.
